AN EARNEST NOTE FROM THE PRINCIPAL

Dear Parents, Students, and Well-wishers,

It gives me immense joy and pride to pen my first message as the Principal of The Earnest Academy. I am truly overwhelmed to be a part of this vibrant and nurturing institution, where learning is not confined to classrooms but radiates through every activity, interaction, and experience.

From the moment I stepped into TEA, I have felt the warmth, enthusiasm, and commitment of our students, staff, and parents who together form the heart of this wonderful school community. I firmly believe that when we trust, encourage, and empower our young learners, they rise beyond expectations — and our dedicated teachers are the guiding force behind every success story.

The months from June to September have been eventful and inspiring. We launched TEA PRIME, a new initiative designed exclusively for Grades 9 to 12 to enrich academic rigor and life skills through focused mentoring, seminars, and interactive sessions. Students have also embraced field trips, celebrations, and the much-awaited Annual Day preparations with great energy and creativity — each event reflecting the spirit of teamwork and learning through experience.

At The Earnest Academy, we believe a school is not merely a building, but a bundle of opportunities — a space where every child discovers and refines their unique potential, whether in academics, sports, art, or leadership. Our mission continues to be nurturing holistic growth and preparing students to step confidently into the future as compassionate, capable individuals.

As we move ahead, I look forward to working hand-in-hand with our teachers, students, and parents to make every day at The Earnest Academy meaningful, joyful, and enriching.

With belief in your capabilities and earnest wishes,

Dr. Lalitha P
